YMCA SACC programs are part of the HEPA (Healthy Eating – Physical Activity) Initiative designed to decrease childhood obesity, reduce food insecurity, and increase the general health and well being of our youth. Y-USA pledges to educate kids about healthy lifestyles, model healthy behaviors, and cultivate environments that make it easier for kids to make healthier choices.
WHAT YOUR KIDS DO AT BEFORE/AFTER SCHOOL IS AS IMPORTANT AS WHAT THEY DO AT SCHOOL!

When children enter an Ithaca YMCA SACC program, a whole new world of imagination and growth opens up to them in a safe, engaging environment. Even while practicing safety protocols, children can have fun and learn. In addition to supplementing what they have learned in school, they participate in interactive learning models that engage critical thinking skills, receive help with their homework from trained YMCA staff, safely socialize, and form lasting friendships that enhance their development, growth and self-confidence. 

Our curriculum is based on a program model that focuses on learning enhancement—health and recreation—which builds competence and confidence in children. The program runs every regular school day in a supervised and structured environment, providing a safe before-school, after-school or wraparound care alternative for children. Moving our cause forward, we are increasing our impact in the fight against food insecurity. We will be offering a snack in compliance with Y Healthy Food & with the support of CACFP.

Department of Social Services subsidies are accepted: Please note that in the case of child absence, the parent will be subject to pay any fees associated with the missed day, as DSS will not cover absences.

REGISTRATION AND PAYMENTS:

All programs will run in 10 week sessions between September 8th and June 24th with families required to commit to a full 10 week session at a time with no early withdrawals. All programs run 5 days per week, there are no partial week or select day options. Payments will be processed weekly by automatic bank draft on the first day of program each week. Any returned payment will incur a $15 fee and full payment will be required within 1 day of notice. If payment is not received the child will be suspended from the program. Pricing is based on a full week. Partial service weeks will be prorated accordingly. Each 10 week session will be available for registration 5 weeks prior to the start of the next session. Children enrolled in the current 10-week program period will receive priority for registering for the next session. By registering, families accept full financial responsibility for the full 10 weeks of program. Withdrawals will only be accepted BEFORE the start of a session IF the space can be filled from an established waitlist.

PROGRAM SESSION DATES:

- Session 1: September 6 – November 12 (Enrollment opens 8/4)
- Session 2: November 15 – January 28 (Enrollment opens 10/11)
- Session 3: January 31 – April 15 (Enrollment opens 12/27)
- Session 4: April 18 – June 24 (Enrollment opens 3/14)

FOREMOST IS THE SAFETY OF YOUR CHILDREN!
The Y is following the guidance of OCFS, the CDC, and our local health department to establish best practices in the areas of staff vaccinations, physical distancing, use of protective equipment, program and activity adaptations, and cleaning and sanitation efforts.
